[ˈvɪʒuˈluːʒənəri] ADJ:

describes the feeling and impression  
you get when you use unique integrated  
monitor solutions from ELEMENT ONE™

# VERSIS 220 FullHD

Retractable Monitor

## “What is VERSIS?”

Versis is by design a marvel of technology. A monitor system which can be embedded in furniture surfaces, which when in closed state has the visible side up. Operated by pressing a button or via remote control interface (TCP / IP), both the display and the front panel for the keyboard rise with a barely perceptible whisper, elevating into final position. Versis was conceived of brilliant design and developed with high quality workmanship.

A design first & fully customisable.  
Often Copied - Never Equalled.

MADE IN GERMANY.  
More than 15 years know-how in monitor-design.  
Warranty 5 years mechanics, 2 years electric and electronic,  
10 years spare part availability.

Sleek. Silent. Svelte. Handcrafted & tested to ensure the highest standards.  
Reliable partner with solid repeat business across diverse client fields. Global references and project experiences.
