

# 0670 ARMOUR WORK

TECHNICAL SHEET

Safety helmet conceived for technical activities such as rope access, tree climbing and rescue.

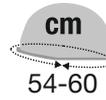

Certified as per EN 12492 and meets the requirements of absorption and penetration of standard EN 397.

It's the perfect solution in case of need of a comfortable ventilated helmet that can also guarantee not to be lost during a fall, thanks to the full strength chin strap.

Equipped with clips for fastening of ear protections and Visor ref.0771.

4 Colours.

CE **EN 12492**
