

Weather proofing kit (with Butyl Rubber)

Kit consists of:

- 6 rolls of butyl mastic tape, 63 mm x 0.60 m (2-1/2" x 2')
- 1 roll black electrical tape, 50 mm x 6 m (2" x 20')
- 2 rolls black electrical tape, 19 mm x 20 m (3/4" x 66')

FEATURES / BENEFITS

Used for protection of splices and connectors that are directly buried or exposed to corrosive environmental conditions. The kit consists enough materials to do:
 12 junctions if the junction size is up to 1/2",
 8 junctions if the junction size is 7/8",
 6 junctions if the junction size is 1-1/4",
 2 junctions if the junction size is 1-5/8" or
 1 junction if the junction size is 3" to 5".
